

CURRICULUM VITAE

I am a professional lighting camera operator, with over 18 years experience filming both broadcast television and branded video content. During this time I have worked across a variety of genres, including Drama, Factual, Commercials, Entertainment and Documentary. Working for clients such as BBC, Microsoft, Film Four, Shell, UKTV, CNBC, House of Fraser, Telegraph, ITV and Sky.

My work has taken me filming around the world in countries such as Kenya, Rwanda, Italy, Spain, France, Finland and Germany. Facing challenging filming environments such as forty degree heat, to tense situations that call for cultural sensitivity. With the enthusiasm I have for my work being supported by a professional attitude and a creative eye.
